THE GOLDEN OPPORTUNITY

Anyone, whatever his political leanings, listening in on Monday evening to Premier King's presentation at Brantford, Ontario, of the financial record of the Federal Government must have been struck with the contrast between that record and the record of the Brownlee Government so ably regaled by Mr. McDonald on Tuesday evening.

In periods of time the two records run almost parallel so that the element of good times or bad times is eliminated. In Federal affairs we have seen a gradual reduction in taxation, annual surpluses aggregating hundreds of millions and a steady reduction in the national debt at a rate that

would wipe it out absolutely in 10 years, a debt that was about \$12 billions in 1921.

In provincial affairs we see the very opposite—increased taxation, and the Provincial debt is no longer a thing of the past. In fact, at a rate which if continued for the 40 years required to wipe out the Federal debt, would utterly submerge it.

Is it any wonder then, that the electors in Alberta are so fastidious about these things, any wonder that their disillusion is so complete that they are voting for the Province there is a swing to Mr. McDonald, who is preached the doctrine of retrenchment so effectively through the past two weeks, the doctrine he practised so successfully in handling Macleod's financial affairs during the past few years.

Mr. McDonald's record in Macleod is known and talked of throughout the Province and the feeling grows daily that he is the man to guide this province through the next few years, which bid fair to be difficult years indeed. It is a fact that no sane man seems to chart a course through hazardous waters, and who has preached the doctrine of retrenchment so effectively through the past two weeks, the doctrine he practised so successfully in handling Macleod's financial affairs during the past few years.

Mr. McDonald is the man, the electors of the Macleod annual surpluses aggregating hundreds of millions and a steady reduction in the national debt at a rate that

SCHMELING WINS WORLD CHAMPIONSHIP BOUT—SHARKEY DISQUALIFIED FOR DELIVERING LOW PUNCH IN TITLE FIGHT—TUMULTUOUS ENDING TO BOXING CHAMPIONSHIP: REF. EBERE MAKES RELATED DECISION

Stadium, New York, June 12.—Max Schmeling won the heavyweight championship of the world from Jack Sharkey Thursday night in the fourth round of a 15-round battle that drew seventy thousand people. The end came suddenly after the start of the fourth round, when Sharkey had piled up a big lead.

The scene of confusion that followed Schmeling's drop to the canvas almost duplicated the scene of the Miami ring, where Sharkey won from Phil Scott. For some minutes referee Jim Crowley could not make his decision and the ring was filled with angry, with one apparently hurt in the fight and a growling, bellicose, almost frantic scene.

Referee Crowley had not seen the blow, a low blow to the head, which apparently smashed below the German challenger's belt line. Judge Charles Mathieson, on one side of the ring said he had not seen the blow, but Judge Harold Brand in front of whom the punch was struck, said the punch was six inches below the belt.

Fight by Rounds
Round one—Sharkey fought carefully with his left but could not touch the German's head. He missed. Max stepped in with a sharp left hook to the chin and neatly knocked the Boston sailor's corner. Max bobbed under Jack's left, hooked his left to the chin and fell in close with a slug to the body. Sharkey, a big man anyway, looked physically superior to Schmeling in every way. As Sharkey missed a left Max whipped over his first right, a short snarl that floundered on Sharkey's head. Jack appeared shocked and stormed Max madly. He clinched, however, and they were sparring at the bell.

Round two—Sharkey seemed to argue with his seconds in the corner and came out on his toes, boxing carefully. The German attacked from the left with a left and right to the body and Sharkey hammered his hands to the head. The clinched, wrestled and Sharkey pumped a left to the head. He met Max coming forward again with a sharp right to the neck and established the German off balance with his left. Sharkey grew more aggressive, never watchful of Max's right and he stabilized for the head. Max didn't seem to mind. Although he stepped into two upbeats and he landed a left hook and another short right on Sharkey's head. The sailor warned to his fight, hooked a left to the body and right to the head, but Max sneaked over a left hook and Sharkey banged the German with a straight right on the chin and they stabilized until the bell rang.

Round three—Sharkey tore after the Tauton and they wrangled rights to the chin and the ropes, both were clean jarring punches. Max sneaked another right and banged Sharkey's body in close while the sailor tried to hit him up. A short right full on the chin sent Schmeling sprawling. Another right sent him to the ropes and he came out badly

hurt and holding on for dear life. Sharkey cool as falling snow, stepped into Schmeling with a left and another right. He was taking his time, cutting his man down. Max stumbled through the blows, arms wrapped around his head, as he slowly recovered the German shot a feeble left hook to the chin. Sharkey stepped in with two left hooks that doubled Max up and sent him back to his corner a bit staggered at the bell.

Round four — Schmeling's seconds rushed his neck with ice and gave him deep drinks while Sharkey sat across the ring complacently awaiting the kill. Sharkey stepped into Max with a left jab, a right punching blow to the chin and dislodged a right to the chin and dislodged a right to the chin. Max's cornering left. The dodged German rallied and fired a right hand blow into Sharkey's chin that shook the American. The crowd roared as it landed and Sharkey took caution aside for a second to line both hands widely at the crouching Schmeling head.

Sharkey settled down, smiled took another right and smashed both hands to Schmeling's body. He crossed a wicked right to the German's chin but Max stayed up. They clinched as Sharkey tried repeatedly to beat Schmeling. Max went down under a left to the body, claiming a foul. He could not rise and the referee called the fight a technical knockout. The seconds stormed into the ring yelling foul, while referee Crowley could not seem to make a decision, it was a perfect repetition of the Miami fiasco as Schmeling, in agony was carried to the corner and rolled on his feet. Still Crowley refused to make a decision and the ring now was full of seconds arguing.

After several minutes argument Crowley decided that Sharkey's left hook had been low and Max Schmeling won a new heavyweight champion by reason of a foul.

CALGARY EXHIBITION AND STAMPEDE JULY 7th to 12th GIVES PROMISE OF BEING BIGGER AND BETTER—STAMPEDE ENTRIES CLOSE JULY 20

Once again the Calgary Exhibition and Stampede hopes to make new records at the annual show, July 7th to 12th. Active preparations have been going on for several months. The splendid new Administration Building, the Exhibition Grounds and said to be the finest exhibition office in Canada.

Price lists and a illustrated literature are being prepared for distribution and may be had on application to the Exhibition Office, Calgary. There is a prize list for the exhibition grounds and a prize list for the Stampede.

It is expected that 275,000 people will attend this year's Exhibition and Stampede, the attendance having increased from 97,000 in 1928 to 280,000 last year. The event is unique in thrills and interest and includes a wide range of industrial, domestic and Government exhibits, the Stampede Parade, Morning Indian Displays, running races, Cowboy Ball, Band of the Stampede, and a marvelous Vaudeville.

The Calgary Exhibition has the second largest grandstand in Canada and yet it is not large enough to accommodate the tremendous crowds who wish to see the spectacular programme which is arranged each year for Exhibition patrons. Last year 24,000 people enjoyed the marvellous Saturday night programme, undoubtedly a record only exceeded by the Canadian National Exhibition.

Special passenger fares will be charged from Seattle, Vancouver, Alberta and British Columbia mainland points, and tourists may be obtained from any place to Banff and Lake Louise with stopover privileges at Calgary.

The week's events start with the wonderful Stampede Parade at 10 a. m. Monday, and close with the fireworks programme ever in Western Canada.

Sleeping accommodation at hotels or private homes may be obtained through the Alberta Hotel Association, Calgary. Before or after the Calgary Exhibition and Stampede, Banff and Lake Louise, reached in three hours over fine hard surfaced roads from Calgary.

Exhibition entries close July 21st and Stampede entries close July 20th.

STAND OFF WOMEN'S INSTITUTE MEETING

The Stand Off Women's Institute held their regular monthly meeting on Thursday last week at the home of Mrs. A. H. Hovis, 25 members being present.

Mrs. Murphy was in the chair for the meeting, and presented a varied and interesting programme. After the

opening exercises Mrs. E. A. Whipple gave a most exhaustive report of the recent convention at Calgary, but on account of the length of the report she only gave part of it, the other half will be given at the next meeting. Mrs. Whipple treated the various subjects brought before the convention in such a way that everyone was delighted, and where able to fully understand the discussions which took place at the convention.

Mrs. Dorothy Carruthers gave a very interesting "Love's old sweet song." Miss Ruth Johnson gave the reading of the "Little Baptists." Mrs. Coffey delighted the meeting with a reading "How to Keep from Growing Old." Mrs. W. J. Murphy gave, in her usual brilliant style, a very instructive paper on "Canadianization and National Events."

An article was drawn from which was donated by Mrs. Howe, and won by Mrs. Coffey, which was served by the hostess, and she was assisted by Mrs. W. Hovis, Mrs. J. McNeil, Mrs. E. A. Whipple, and Mrs. W. J. Ryan's name was omitted from the list of visitors from Macleod at the last meeting.

A DARING ADVENTURE
There is a large red-brown House of Healing in the city of Calgary around which is a story of daring adventure in the face of optimism.

Children of all ages are to be found here, from a little babe to a man of mature years. The story of humanity with hair

Flies carry sickness

of gold to a youth in the late Red Cross Crippled Children's tent—all guests and patients in the hospital and thus will be justified their confidence in the power that has brought them this fine from their humble homes to property on Mt. Royal, with this beautiful new House of one and a half acres of ground. Healing is theirs. Entirely free that as they are now launched on a wonderful cure, so shall their future days and weeks be safe and secure under that beneficent power.

The citizens of Calgary are co-operating in a supreme effort to raise \$2,000 to clear the building which will then place the building as a permanent memorial. The of 1930 weather.

Brownlee Government's Delinquencies in Omission and Commission

J. W. McDonald, K. C., Liberal Leader, Convincingly Arraigns Present Government on It's Record As Covering Two Terms

Macleod, Alta., June 12, 1930

To the Electors of the Macleod Constituency:

On June 19th you will be called upon to express your opinion of the Brownlee administration. I should appreciate your careful consideration of the following facts in making your decision as to how you will vote:

No meritorious reason can be advanced for an election at the present time of economic stress when more than a year has yet to run to fill out the term for which the Government was elected.

No policy or platform has been announced with reference to the administration of the Natural Resources and other Governments take hold of the Natural Resources without the necessity of an election.

In 1921 and again in 1926, the U. P. A. declared itself in favor of a Farmer Government. Premier Stewart and Premier Greenfield, (both farmers) were successively put out of the Premiership and a lawyer was put in the place of Premier, and now occupies that position.

The Government promised retrenchment in expenditures but has added to the public debt of the Province \$14,000,000 covering a period when the population increased only 60,000.

On December 31st, 1921, the per capita gross Provincial debt was \$102.00. To-day it is \$164.00. Interest payments have increased from \$2,796,750.00 in 1922 to an estimated amount of \$5,826,589.00 for the current year.

During the period from 1923 to 1930 while the Brownlee Government was increasing both the taxation and the capital debt of the Province to this alarming extent, the Dominion Government has decreased taxation to the extent of millions of dollars per annum and decreased the national debt by two hundred and thirty millions, and yet to make good an instant right at home, the town of Macleod reduced its taxation by almost half, cut down the municipal debt and accumulated a cash surplus of over one hundred thousand dollars. The Brownlee Government can hardly therefore blame its plight upon hard times.

No tax has been reduced and none has been abolished but many have been increased and many new ones created.

The Government has had the advantage of greatly increased income from several items, including liquor profits, motor licenses and gasoline taxes, yet in spite of all this, expenditure has increased faster than income would have increased but for increased taxation. In other words, there had to be increased taxes to meet the growing expenses of the Government.

The Government expenditure to-day is \$20,000.00 per day in excess of what it was when the present Government took the reins of power.

The Government refused to abolish, or cut down to any extent, the Supplementary Revenue Tax. The Government has neglected to adjust the motor license fees and gasoline tax or to earmark them for expenditure on, and upkeep of, roads.

In one respect, the Government has retrenched expenditure and that is in regard to Education in primary and secondary grades. In 1923, the Minister of Education reduced the grants to these grades and in 1925 reduced the inspection staff. Although there are 1200 more pupils in primary and secondary grades formerly granted. Although pretty nearly \$300,000.00 more is spent on Education today it is practically all taken up by the grants to the University of Alberta.

In 1929, Hon. Perrin Baker introduced his new school bill. In 1930, after much criticism of the 1929 bill, he re-introduced a modified bill. This bill if put into effect would have taken all discretionary powers, tax takers and taxpayers. The bill was temporarily withdrawn—not permanently abandoned and it is no doubt the intention of the Government to put the bill into effect, to put the bill in essentials through the Legislature. For two successive annual offers by the Liberals, of co-operation in the construction of an Education bill to lift the matter of Education out of politics, the Minister of Education gave refusals.

The present Government has not favored and it is not now in favor of a teachers contributory pension scheme.

In investigation of the societies recently organized under the Co-operative Credit Society, one chosen at random, namely, the Donatville Credit Society, revealed a most unsavory condition of mis-management and non-administration of finances—without Government audit and without proper care being taken as to Government liability.

Although a definite answer was promised by the Government to people living on the Lethbridge Northern Irrigation District as to improvement on the rates before seceding should be commenced this year, the matter of rates. No doubt, it is expected that the matter after the election will be shelved for some time to come.

The Government has not carried out its pledges of economy and retrenchment and so it is time for a change.

Class Government is now a broken reed and a discredited and unfair system.

The Government has refused the offer of polling by the R. C. M. P. although this would save hundreds of thousands of dollars.

HAS THE PRESENT GOVERNMENT MADE YOU RICH?
HAS IT CONTRIBUTED TO YOUR WEALTH?
HAS IT LESSENED YOUR TAXES?
HAS IT REDUCED PUBLIC EXPENDITURE?
IF NOT, IT IS TIME FOR A CHANGE.

Yours Truly,

J. W. McDONALD,

Provincial Liberal Leader and Candidate in the Macleod Constituency.

McCORMICK-DEERING NEWS

"Good equipment makes a good farmer better"

Published by
C. E. TWEED
The Farm Equipment Man

House Phone 41 Office Phone 157

Here's Power Equipment For Every Man's Harvest

McCORMICK-DEERING 22-36

To stand and admire the big McCormick-Deering 22-36 Tractor will make your hands itch to get hold of the steering wheel. To sit in the seat and jiggle the controls will make you anxious to start the 4-cylinder engine, listen to the deep-throated exhaust, and get the feel of the vibration-free power on your own important work.

Think of yourself on the seat of one of these tractors, pulling the most modern farm machines across your acres. Think of the increased efficiency, saving in time and labor, improved crop yields, and reduced costs this equipment will make possible—then let us show you the machines in our store and demonstrate them on your own farm. We are also showing the McCormick-Deering 10-20 and all-purpose Farmall.

STRAWBERRIES \$3.50

The hot weather in B. C. has brought the Strawberry crop along so fast that the growers now claim that the peak of production for the season will be reached this week-end.

This means that Strawberries will be a thing of the past almost by the end of June, the time they usually are at their peak. The price is down to rockbottom at \$3.50, a price determined not by the volume of the crop but by the necessity of moving the crop quickly on account of the forced ripening.

It is quite probable that the price will advance when the peak of production is past.

Canadian products used in her home, was won by Mrs. Greenwood. The meeting closed with the National Anthem. Refreshments were served by Mrs. Ryan, Mrs. Dinning, Mrs. H. Sutherland and Mrs. Edlund.

The Bright Municipal Council met on Saturday afternoon for the regular monthly meeting, and had a long session, taken up principally with interviewing representatives from firms selling supplies for Municipal Districts. All the members of the Council were present: Messrs. J. H. Evans, Reeve; J. T. Bailey and H. Bester. Considerable time was spent checking over accounts for road work and planning further work. A resolution was passed for \$1500.00 was passed for payment for culverts. These culverts are wooden, crooked pipes, which are claimed to be a big improvement over the galvanized sheet metal pipe, and the Bright District have adopted them for all the new culverts being put in this year. A number of motions were voted by the Council on Saturday in payment of accounts.

The Ladies of the Royal Canadian Legion, No. 28, Macleod, were honored on Thursday evening with a visit from the Provincial Deputy Supreme, Hon. Royal Lady, Mrs. W. Larsson of Ponoka. It was a successful meeting and there was a good attendance of the members. The members put on the Ritual work of the Order for the benefit of the institution which complimented them on the efficient manner in which they did the work. She also, in a very pleasing manner, criticized some of their methods, and made suggestions that were helpful to the members. Mrs. Larsson also installed two officers for the lodge, Mrs. S. A. Delaney, and Mrs. M. Rutledge as Treasurer. She was followed by Past Hon. Royal Lady, Mrs. Ina Baker. Delicious refreshments were served after the meeting, bringing to the ladies a pleasant and profitable evening.

REGULAR MEETING MACLEOD TOWN COUNCIL

Macleod Town Council met on the first night on Monday night under the presidency of the new Mayor, J. Swinerton. The Councilors present were Messrs. C. W. Stevens, C. W. W. O. Hoodless. The Medical Health Officer, Dr. W. R. Hair presented his monthly report which was considered very satisfactory. An offer of \$275.00 from J. H. Evans for the Exhibition Building was refused. The Secretary-Treasurer was instructed to give a month's notice to a number of tenants occupying town property who are in arrears of rent also to notify a number of tenants of the rent. The council on Monday night a number of tenants occupying town property who are in arrears of rent also to notify a number of tenants of the rent. The council on Monday night a number of tenants occupying town property who are in arrears of rent also to notify a number of tenants of the rent.

A resolution was passed to offer the Canadian Pacific Railway \$5.00 an acre for the first 100 acres of the town of Macleod, N. W. 1/4, 1-26-26-W4th, near the slaughter house. The resolution was passed to offer the Canadian Pacific Railway \$5.00 an acre for the first 100 acres of the town of Macleod, N. W. 1/4, 1-26-26-W4th, near the slaughter house.

The application by Jack Griffin for the use of the town hall one night a week for fund-raising during the summer months was granted.

A resolution was passed to offer the Canadian Pacific Railway \$5.00 an acre for the first 100 acres of the town of Macleod, N. W. 1/4, 1-26-26-W4th, near the slaughter house.
